## TOP JONATAN CLASE CARDS TO BUY NOW

Jonatan Clase is not currently a top 100 prospect. We consider him a super sleeper. Prospecting is baseball is fun and can lead to terrific profits if you guess right, however it is still an extreme risk! Clase is a prospect that I am very high on and am stashing away right now. With his current play I wouldn't be surprised to see him crack the top 100 prospect list by the end of summer!

The Reward: Jonatan Clase is an Outfielder at High A for the Seattle Mariners. His 2023 stats look like this 20 G, .337/.455/.723, 7 HR, 17 RBI, 22 R, 16 SB, 16.8 BB%, 26.7 K%, 207 wRC+, .514 wOBA, .429 BABIP. Clase signed with the Mariners in 2018. The 20-year-old is coming off a big week at High-A in which he went 11-for-28 with four doubles, four homers, and seven RBI. He also tallied three walks, eight strikeouts, and four stolen bases. He has top notch bat speed and speed on the base paths too. There are 55 hitters in the minors this year with 5+ HR's. Their average age is 25. There are 16 hitters in the minors that have 10+ SB. Their average age is 23. One hitter in the minors has 5+ HR's and 10 + SB's and he is 20 years old! That hitter is Jonatan Clase!

The Risk: Strikeout rate is too high right now. Obviously that can be corrected, but he has struck out 8 times in his last 28 at bats.

The Opportunity: Buy his 2022 Bowman Chrome Prospect Auto 1st PSA 10. This is a pop 85 card so it might take a little work to find one, but it is worth the extra effort. This card is down 13% in the last 60 days. This card currently sells for only about \$70! Buy this card and stash it away for when Clase gets called up to the big leagues! I know we typically focus on short term flips and this is a longer term hold and flip, so if you want to continue watching for now and waiting to purchase you can. However don't miss out on an opportunity to get in on this kid while his prices are affordable!
